CERTIFIER'S SIGNATURE

I certify that all the Electrical wiring in this building is covered by this certification and meets the requirements of the latest edition of the National Electrical Code.

*(THIS FORM MUST BE SIGNED AND GIVEN TO THE POWER CO. BEFORE SERVICE ACT/VAT/ON)*

\*This form is not required for mobile homes, modular/pre-fabricated dwellings, temporary services, garages, buildings that are not newly-constructed, or if the occupant will not be using it as his bona fide personal abode.

#### 32 MRSA § 1105 Certification of a Single-Family Dwelling

Nothing in this chapter may prevent a person from making electrical installations in a single-family residence occupied by him or to be occupied by him as his bona fide personal abode, providing that the installation conforms to the standards of the National Electric Code. Any electrical installations made under the authority of the paragraph, after July 1, 1987, in a newly constructed residence, shall require certification by a State or Local inspector, master electrician or limited electrician in house wiring prior to the activation of electricity by the utility company.
